ADOLPH FISCHER

WHOLESALE FLORIST

EASTON, PA.

MRS. PAUL W. SEILING,

145 E. Elm St.,

Shillington, Pa., writes:

"In the spring, I sent for and received some Chrysanthemum plants, and they are now in bloom. I certainly am very much pleased with them. My neighbors and many people living quite a distance from me, come to see them and all think they are beautiful. I must say that I never had any flowers that were so much admired by every one who has seen them. Enclosed find check for \$1.10, for which please send me six plants of chrysanthemums which I am going to take to a friend who has seen my plants and lives 30 miles from me. So you see that they are admired by everyone."

MRS. L. W. FISHER,

"All of the plants I bought from you are doing nicely, and I want to here particularly mention your chrysanthemums. I ordered six of these plants this summer, never expecting them to bloom this season. Every plant is simply loaded with flowers (enormous flowers) which make the tiny plant look overburdened and still more buds are making their appearance. I am more than pleased with them."
